

SOLENOID VALVE (1001)

machine	HYDRAULIC VALVE	
type of consumer	SOLENOID VALVE	abbreviation
brand	HOVEN	
type	755 WSM06020Z01CN/G24	

power requirement of machine	P		kW
required motor power	P		kW
type rating acc. to catalogue	P		kW
motor rating (reduced/increased)	P		kW
speed (speed range)	n		/min.

inrush power solenoid valve	P	0,020	kW
holding capacity solenoid	P	0,020	kW
number of solenoids		1	

voltage	U	24 V	DC	frequency	F
rated current	I	0,800	A		
type of protection	IP				
type of construction	IM				
frame size (IEC)					
efficiency			%		
cos phi					
standstill voltage of rotor	U2		V		
rotor current	I2		A		
direction of rotation (facing drive end)					
weight			0,330	kg	

supply of machine by	POLBECK 032.1
supply of motor by	POLBECK 032.1
