SKU	221820-00	Type of light source	TC-L
Light source base	2G11	Luminous efficiency (Lumen)	1.200
Colour temperature (Kelvin)	4.000	Angle of reflected beam	210
Number of light sources	1	Light source wattage (w)	18
Total power (Watt)	18	Type of ballast	Electronic ballast
Voltage (Volt)	220-240	Frequency spectrum (Hertz)	50/60
Type of current AC / DC	AC	Length (mm)	385
Lamp width	keine Angabe	Height of light	keine Angabe
Light diameter	68	Length of light area (mm)	11
Height of light area	keine Angabe	Material of protection tube	Polycarbonate
Mechanical characteristics	1	Chemical resistance	No
Chemical resistance	4	Reduced glare effect	No
Wall thickness cover (mm)	3	External diameter of protection tube (mm)	63
Linkage	Without linkage	Length of linkage 1 (mm)	No
Length of linkage 2 (mm)	No	Diameter of linkage	No
Lamp base	No	Cable outlet	No
Pivoted joint	No	Ball joint	No
Magnetic base	No	Quantity of sockets	Without
Plug color	No	Length of cable (mm)	keine Angabe
Type of plug	N/A	Through-wired for serial installation	Single connection
Position of ballast	External	Reparable	Yes
Vorschaltgerät	EVG 220-240V 50/60Hz	Incl. standard holders	Yes
Type of plug	No	Connection voltage	230 Volt
Cover	Protection tube PC 63 clear	Diameter	Normal (67 mm)
Impact resistance	Yes	Driver/Ballast	Electronic ballast (EVG)
Light source length	337
