

Linear measuring technology

Length measuring kits with measuring wheel	Measuring wheelsystem incl. encoder / preset counter	Incremental / absolute
---	---	-------------------------------

The (metric) measuring kit is a complete solution for the quick and simple implementation of length measurements on products in movement.

<p>Flexible</p> <ul style="list-style-type: none"> • Various measuring wheels for various applications: <ul style="list-style-type: none"> - Hytrel for the textile industry. - Vulkollan for the wood, paper, metal and plastics industry. • Resolution 1 mm. 	<p>Easy operation</p> <ul style="list-style-type: none"> • The encoder support ensures an optimal load on the encoder shaft. • No additional power supply is required for the encoder, since it can be powered directly by the preset counter.
